COVID

There is no longer a legal requirement for people with coronavirus (COVID-19) infection to self-isolate, however if you have any of the main symptoms of COVID-19 or a positive test result, the public health advice is to stay at home and avoid contact with other people.

The main symptoms of COVID-19 are a recent onset of any of the following:

- a new continuous cough
- a high temperature
- a loss of, or change in, your normal sense of taste or smell (anosmia)

In order to safeguard the whole school community, we are asking that you inform the school of any positive tests as we have a number of vulnerable children and staff across the school.

If you have a negative LFD test on day 5 and 6 of isolation then you may return to school.

ONLINE SAFETY

Please find below some information about how to keep children safe online. Even though the advice about Privacy & Security is aimed at parents/carers with children in Years 1-6, we believe it can be highly beneficial to all families. You can find the information about Online Safety information for parents/carers on Common Sense Media:
